DIPG/Pediatric Brain Cancer
BRIEFING
117th Congress ~ H. Res. 404

THE NATIONAL DIPG AWARENESS RESOLUTION

"Because every child is a life, not a number."

“...encourages all people of the United States to become more informed about...DIPG, pediatric brain cancer, and the current challenges to the medical research system in designating sufficient research funding for pediatric cancers...”

We are asking our members of Congress to lend their unique power to make the suffering of our children more visible and to inspire greater action.
